

SFILEN represents a groundbreaking collaboration of 13 organizations that provide legal assistance and community education to San Francisco's immigrants. We represent immigrants from African, Arab, Asian and Latino communities.

Community Advocacy

Education is the most powerful weapon which you can use to change the world. /// Nelson Mandela

We believe that immigrants have a right to live a life without fear. San Francisco's immigrant families continue to struggle to access resources and services due to cultural and linguistic barriers. By providing Know Your Rights workshops on a variety of immigration topics, we believe our communities can better advocate and defend their rights.

Immigration Legal Assistance

The law will never make [people] free, it is [the people] that have to make the law free. /// Henry David Thoreau

We provide immigration services to low-income residents of San Francisco. We can help on a variety of immigration issues from Family Petitions, Renewing Green Card and Naturalization to VAWA (Violence against Women Act) and Removal Proceedings.

We are fiscally sponsored by **Dolores Street Community Services**.
